be instructed to draw a resolution of intention to curb and sidewalk Second street from Bunker Hill avenue to Spring street. It was so ordered.

Mr. Bosbyshell asked that the petition of the property-owners on Orange street to have the grade of that street changed and established be taken up and attended to at once. The petition was referred to the Board of Public Works.

THE RAILROAD WAR.

The Southern Pacific Railroad matter was then taken up, and Judge Bicknell addressed the board on behalf of the company. He said that the proposed new line from Alameda to San Pedro street only crossed two streets that were in actual use. George W. Knox, representing the property-owners, stated that two protests were signed by about 80 property-owners along the right of way proposed. One of the protests have been filed, one from property-owners on San Pedro street, and another signed by Mr. Tubbs on behalf of the Walnut Grove.

A number of the property-holders represented by the speaker own lots on the south side of Pine street, along the north side of which the railroad company proposes to run its line. The fact that the lots have not been extensively built upon does not affect the question, because even if a man only has \$1000 in a lot, it is damaged just as much in proportion by the proximity of a railroad as more expensive property would be. A railroad could not be run through the Third Ward in this city without a protest which would turn the Council for its purpose. Then why use another portion of the city differently?

WHAT IS THE USE?

It is often said "What is the use of fighting the Southern Pacific Railroad company?" He would not say that that corporation went ahead and did as they pleased regardless of law or license, but many things warranted that assumption. For instance, had they ever asked or been granted the privilege of putting up their depot? No, and yet it was incumbent upon them by the law so to do.

In the same way they had gone ahead and purchased this tract from San Pedro to Alameda street, and now announce that they will build their track on their own property, as soon as the Council permits them to cross the lateral streets.

It has been said that by delay in this matter the new depot is rendered useless. Is the depot standing idle on account of this Santa Monica right of way? Not at all. The company is waiting in all probability to get its right of way through the Laguna tract before running it, through trains to the new depot.

The speaker then argued that the railroad company could, if their petition was denied, condemn a right of way through the Brisswater place, explaining the length the negotiations between Griffiths and the company.

MR. CHARLTON.

representing the owners on San Pedro street, argued that no grading or improvements could be had on San Pedro street while the railroad lay upon it. He asked on their behalf that no arrangements be made by the Council looking to the maintenance of this track that street. It is a very important street and leads to a prosperous section of country, and if the railroad is got out will soon boom ahead.

As to any hurry in passing on a new route, he deprecated the idea. The Santa Monica train can go on their present route and back down to the new depot, if it is ever occupied, till a suitable right of way across the Brisswater tract can be condemned.

JUDGE BICKNELL.

then presented the case on behalf of the railroad company. He advocated candor on such occasions as the present, and made a forcible argument.

He stated as to the Griffith negotiations that Griffith wanted the company to take 80 acres of the Brisswater tract, at \$2000 per acre, making \$160,000. The offer was made by Griffith for \$25,000 was a line that they did not want and could not use. He had ascertained that the title to the whole tract lay in a man now in the East, who could not be reached by a condemnation suit in nine months or a year.

Having given up the Brisswater route as a bad job, the company had selected the present one. It runs along the East side of a block between Pine and Laurel streets, and as far from the street as possible. What more could they do?

The speaker said that the new depot would be used only for passenger business, and the freight yards would remain at the present location.

The tracks in San Pedro street would be removed as soon as the lumber-yards now there could be accommodated from Pine to Fifth street in 10 months and Plazman would be placed wherever needed, the streets would be macadamized where the tracks ran or fixed as the Council wanted them, the right of way would be fenced in if desired and everything done that the city could reasonably demand.

MR. CONY'S SUGGESTION.

that the word of the company was not worth much, and that various amendments as to flagmen and the street improvements should be incorporated into the ordinance. He moved to refer back for two weeks, to draft an improved ordinance.

Mr. Lovell moved to amend that the ordinance be taken up at the next meeting, for each member to offer such amendments as seem good and that the ordinance be then acted upon at the second meeting. The motion was carried, and the lobby was soon emptied of most of the crowd that had been interested listeners.

The report of the City Surveyor was read asking for one week's further time to report on the West sewage system, and that the City Attorney be instructed to join him in it. Granted, and the clerk was notified to request the sewage company to have their bondsmen ready at the next meeting, that the contract might be ratified.

City Attorney Daly asked the Council if they would not think it advisable, in reference to the planning mills, dye works, and other

MANUFACTURING INDUSTRIES, to appoint a special committee to go over the ordinances and report upon some uniform system of procedure. He thought that manufacturers should be sustained, even if some of the complaining residents had to move out into the suburbs of the city. He thought that some standard of action should be adopted so that manufacturers would know how they stood and be free from arrests every week at the instance of everybody.

Mr. Daly sustained his position by the example of the Remington rifle works, formerly of Utica, which had been driven out of that city by oppressive ordinances, and had taken 12,000 men away from Utica and built up the rival city of Ilion, where none existed before.

Mr. Hiller moved the appointment of a special committee to revise the ordinances on the subject, which was carried, and Messrs. Hiller, Cohn, Lovell, Book and Hanley were appointed by the Chair.

The bill of P. Backman for \$300, due on grading Mission street, which was previously assessed against the Southern Pacific Railroad Company, was presented. It was ordered paid.

MISCELLANEOUS BUSINESS.

The report of the Board of Public Works was then read and its recommendations adopted.

In regard to the Banning-street sewer, Mr. Collins moved that the resolution be postponed to await the development of the general system, and that Wells, Fargo & Co. be granted permission to put in a private sewer to Alameda street.

The bids for the Fort-street sewer were opened. The only one properly signed, which was the lowest, was that of Frick Bros., at \$1.54 per lineal foot. The contract was awarded accordingly.

A warrant of \$400 was ordered drawn in favor of one Kelly for a right of way across his property for a conduit.

A resolution was passed fixing the width of sidewalks on Hawkins street at 13 feet. A contract with Arthur S. Best for laying 1200 feet of 10-inch cement pipe at the angle on Hewitt street, at \$1.53 per foot, was laid over.

Contracts with the Black Diamond Coal Company, and with the Evening Express Company for printing 150 copies of the Great Register for \$300, were approved.

The Superintendent of Streets was instructed to fill the chuck holes on Kuhrt street and Downey avenue, and he was allowed 10 more men for that purpose.

The Chief of Police was instructed to see that Luitweiler and Hawley Bros. remove their stock of wagons from Requena street. A large number of petitions were pre-

sented and referred. Among them was one from G. W. Morgan and others, that the city define the lines of the Arroyo Seco within the city limits and take action thereon before the winter rains, as heavy damage may otherwise result.

Also from the Southern Pacific Railroad Company, asking that Aurora street be abandoned, and offering, if that is done, to build a bridge for foot passengers and teams from Buena Vista to San Fernando street.

The ordinance providing for the CITY ELECTION on December 31 was then taken up and passed. It provides for the election of the Mayor, City Attorney, Assessor, Tax Collector, Treasurer and two members of the Board of Education.

Also for one councilman to be elected from the First Ward, two from the Second, one from the Third, two from the Fourth, and one from the Fifth, in the places of members whose terms expire.

Also for an additional councilman to be elected from the First Ward in place of N. Mathews, resigned.

The 22 new election districts, with the polling places, inspectors and judges of election are as follows:

FIRST WARD.

Precinct A.—North of Downey avenue and east of river. Polling place, Plata Fina clubroom. Inspector, John White; judges, Hugh Heaney, Charles Wickman.

Precinct B.—South of Downey avenue and east of river. Polling place, Embassy's real-estate office. Inspector, Charles Hayden; judges, C. N. Earl, G. Gundlach.

Precinct C.—Bounded by Macy, Buena Vista, Bellevue avenue, the river and the north boundary of the ward. Polling place, Southern Hotel. Inspector, David Carr; judges, J. Davison, E. Steinman.

Precinct D.—All of the ward north and west of Buena Vista street and the river. Polling place, northwest corner of College and Buena Vista streets. Inspector, I. J. Harrell, Jr.; judges, C. B. Woodhead, A. E. Linsney.

SECOND WARD.

Precinct A.—All east of river. Polling place at Mrs. Dunn's store, East Macy street. Inspector, Charles Northcraft; judges, Robert Worthing, John Lazarevich.

Precinct B.—Between the river and Alameda street. Polling place, Collins's stable. Inspector, Walter McGrath; judges, D. H. Roberts, James Fennessy.

Precinct C.—Between Alameda and Main streets. Polling place, Lankershim's mill. Inspector, William Todd; judges, A. M. Hawthorne, W. W. Brown.

Precinct D.—Between Main and Fort streets. Polling place, courthouse. Inspector, T. J. Cuddy; judges, R. C. Glover, Charles Cruz.

Precinct E.—Between Fort and Pearl streets. Polling place, Bauer's store, at Temple and Beaudry streets. Inspector, M. Whaling; judges, E. S. Hubbard, E. Solomon.

Precinct F.—West of Pearl street. Polling place, Temple-street engine-house. Inspector, D. Mulrien; judges, J. W. Potts, A. H. Scheneman.

THIRD WARD.

Precinct A.—East of Pearl and north of Third street. Polling place, City Hall. Inspector, T. N. Meeley; judges, M. Morris, J. M. Guinn.

Precinct B.—East of Pearl, between Third and Sixth streets. Polling place, Chick's stables on Fifth street. Inspector, George Gephart; judges, Conrad Jacoby, George Pike.

Precinct C.—East of Pearl and south of Sixth street. Polling place at Seventh and Olive streets. Inspector, D. E. Barclay; judges, S. K. Lindley, Dr. Lindendelft.

Precinct D.—West of Pearl street. Polling place, Werin's stable on Seventh street. Inspector, Arthur Bray; judges, J. H. Bryant, W. H. Bonsall.

FOURTH WARD.

Precinct A.—East of river. Polling place, Workman engine-house. Inspector, J. H. Hyans; judges, A. Workman, J. W. Brown.

Precinct B.—Between the river and San Pedro street. Polling place, No. 3 Davis street. Inspector, John Shubin; judges, J. W. Davis, R. Saleido.

Precinct C.—Lying west of San Pedro and north of Fourth street. Polling place, confidence engine-house. Inspector, H. D. Barrows; judges, E. P. Sutherland, William Crummen.

Precinct D.—West of San Pedro and south of Fourth street. Polling place, corner Wall and East Fifth streets. Inspector, Michael Harvey; judges, Asa Bowen, Russell.

FIFTH WARD.

Precinct A.—East of San Pedro street. Polling place, the old Philbin House, San Pedro street. Inspector, Thomas Leahy; judges, N. T. Dalton, C. Alfred.

Precinct B.—West of San Pedro and north of Pico streets. Polling place, car stables, at Twelfth and Olive streets. Inspector, J. W. Hinton; judges, A. F. Mackay, John F. Moran.

Precinct C.—West of San Pedro between Pico and Washington streets. Polling place at Brown's store, California and Main streets. Inspector, David Waldron; judges, C. S. McNally, V. P. Brown.

Precinct D.—West of San Pedro and south of Washington streets. Polling place at Washington Glens. Inspector, Wolf; judges, John Osborn, S. W. Hillier.

The Council then adjourned for one week.

AT A STANDSTILL.

Dispute Over the New San Pedro Townsite.

Work on the wharf at San Pedro Harbor has been suspended, and all the workmen discharged, and nothing is doing toward developing the townsite, beyond prospecting for water. It is said that there is some disagreement between the Pearson and the Crocker interests that will have to be adjusted before anything can be done. Pearson claims that the townsite is his, and that he can place it on the market whenever he desires, but this is one of the questions that is in dispute, and so far he has been unable to do anything with it. The property has all been surveyed for some months past, and it was intended to commence the sale before this time, but for some reason it has not been done. It is also claimed that there is a \$30,000 mortgage on the land, but of course this can be cleared off whenever the company is ready to begin operations. In the meantime the people of San Pedro are very anxious to have their harbor facilities increased, and are becoming very impatient over the delay.

A NEW RACECOURSE.

To Be Established Near Wilmington.

Wilmington, it is said, is soon to have one of the best racetracks and clubhouses in the State. It is said that L. J. Rose and a Mr. Paris have purchased the Cerritos Hotel, and will move it down to a point about a mile this side of Wilmington on the railroad, when they will add another story, and utilize the building for a clubhouse and hotel. A mile track will also be laid out, and 200 stables erected at once, where horses can be kept and put in training. It is believed that the enterprise will pay, as it is near enough to Long Beach to catch the patronage from that resort during the season, and is also accessible to Los Angeles. Besides this, there are no prohibition laws at that place, and the club house could be run the year through. Just when work will commence is not known, but it is said that it will be in a week or two.

Canvassing the Returns.

The Supervisors were hard at work yesterday canvassing the returns from the county. They canvassed returns from nine precincts—from Azusa to Claremont inclusive—and found several important clerical errors. By one Judge Works gains 40 votes. A single feature is that precincts 2 and 3 of Pasadena are identical in their votes, both polling 215 for Harrison, 89 for Cleveland and 18 for Plak. The canvass will not be completed till tomorrow.

Few Going, Many Coming.

A telegram to THE TIMES from J. S. Chadwick, dated Ash Fork, Ariz., says: "On the east-bound train there are but 11 passengers. On the train due in Los Angeles tomorrow there are four sections, all heavily loaded."

The tide has started.

UNDER THE HAMMER.

ONE OF MR. BOYCE'S GLADSTONE DEBTS THROTTLES HIM.

His Residence Offered at Sheriff's Sale and His Interest in the Trombone Attached—The Crane Manufacturing Company Want a Settlement.

That somewhat notorious person known as the proprietor of a one-dollar character, H. H. Boyce, has been sailing very close to the wind, financially, for some time.

When a man starts out to do up his partners he may be successful for a time, but a day of reckoning is sure to come sooner or later, and Mr. Boyce is in that kind of a boat just now.

With the assistance of his pocket organ, the Trombone, he has managed to hold his head above water longer than he would have been able to do otherwise, as some of his co-workers in the persons of Dr. (P. G.) Hamilton Griffin, Cabbage Ryan et al. could testify in their own cases if they were only alive.

He started out with a bluff game in every corner of his smooth make-up, and he has worked each one for all that was in it. But his day has come, and it has come in the form of a sheriff's auction with an execution and a big auctioneer's hammer.

The hammer has been ordered to fall on Mr. Boyce's residence, at No. 434 South Hill street, on the 5th day of December, 1888, at 12 o'clock m., and unless the proprietor of the one-dollar character walks up to the captain's office and settles before that time, the sheriff will seal the great main door over his head with the "well-known white horse" and all to "the highest and best bidder."

Sheriff Kays issued the order of sale yesterday morning, and the following copy of it will appear in this morning's Herald as an advertisement:

NOTICE OF SALE OF REAL ESTATE UNDER EXECUTION.

The Crane Brothers Manufacturing Company versus The Gladstone Improvement Company. John Koster, Walter L. Moore, H. H. Boyce and C. J. Richards, defendants. Sheriff's Office.

By virtue of an execution issued out of the Superior Court of the county of Los Angeles, State of California, wherein Crane Brothers Manufacturing Company are plaintiffs, and The Gladstone Improvement Company et al. are defendants, upon judgment rendered on the 24th day of July, A.D. 1888, for the sum of \$10,543.43, in lawful money of the United States, and in default of payment thereof, and interest of said defendant, H. H. Boyce, of, in and to the following described real estate, to wit:

The north sixty (60) feet of lot 8, block 14, of the subdivision of the above action, but inasmuch as they are considered good for the claims against each of them, and are willing and ready to settle for their proportions, the plaintiffs are after Boyce only, and will not require them to satisfy the judgment unless Boyce's property proves to be insufficient. As to the probability of this proving true, the fact is cited that he has failed to pay the judgment, or any portion of it, although he has been given ample time, as judgment was entered up on the 3d of July last.

The plaintiffs not being satisfied that they could get their money out of his residence, on Hill street, which is heavily mortgaged, they ordered the Sheriff, late yesterday afternoon, to levy on all of his interest in the Fabrice Publishing Company, and a copy of the execution, accompanied by the following notice, were served on the officers of the Trombone about 4 o'clock.

SHERIFF'S OFFICE.

LOS ANGELES COUNTY (Cal.), Nov. 12, 1888. To the Tribune Publishing Company: You will please take notice that all moneys, goods, credits, effects, debts due or owing, or any personal property in your possession or under your control, belonging to the Fabrice Publishing Company, are attached by virtue of a writ of which this is a copy, and you are notified not to pay over or transfer the same to anyone but the Sheriff of Los Angeles county, or some one legally authorized to receive the same, but conduct yourself in accordance with the statutes made and provided. I also require of you a statement in writing of the amount of the same.

By C. H. JENNINGS, Deputy Sheriff.

The above fell like a dynamite bomb in the Trombone camp, for Mr. Boyce has made his glib partners believe that his political "influence" is so great that no legal process could reach them in this county.

ANSCHLAG.

Preparations for His Execution—Squabble Over His Body.

Anschlag, it is believed, at last realizes that his doom is sealed, and that on Friday next he will swing from life into eternity. Ever since Jailer Russell relieved him of his strychnine, the butcher has been rather low spirited, and when he heard that Deputy Cline of San Bernardino, who will officiate as hangman, had arrived, he commenced making preparations in earnest for the hereafter. Yesterday he made his will, leaving certain property which he claims in Germany, valued at 19,000 marks, to his relatives, and after consultation with his spiritual adviser, Rev. U. S. Glick, he made all of his funeral arrangements, and sent a cablegram to Germany, asking that his relatives send him \$200 with which to pay them. He has purchased a lot in Rosedale Cemetery, and also ordered a small tombstone, in case his money comes. He selected the kind of a casket in which he wants to be buried, and was very particular that it should be a good one. He also directed that in case there was any surplus, after paying for his funeral and tombstone, that it be turned over to the keeper of the cemetery for caring for his grave.

Deputy Cline will commence the erection of the scaffold on the yard today. It is the same scaffold on which Boynton, McDowell and several other murderers were hanged, and belongs to San Bernardino county. Mr. Cline has hung 38 men in his lifetime, and is therefore an expert at the business. The rope has also been purchased, and is now being stretched by an ingenious arrangement of blocks and tackle. It is three-quarters of an inch in diameter, about 40 feet in length, and is made of the best quality of hemp. All the arrangements, in fact, are well under way and on the day of the execution everything will be in readiness.

It was stated yesterday that there was likely to be some dispute about the final disposition of the murderer's body, and that the undertaking firms wanted to bury it. The incident caused considerable talk on the streets, and last night Rev. U. S. Glick, Anschlag's spiritual adviser, called at the Times office and made substantially the following statement:

Mr. Glick said the second day that he called on Anschlag, John L. McCoy of the undertakers said that he had been ordered on him at the jail, and told him that he wanted to bury the murderer, and would pay for a grave for him and give him a nice casket. Anschlag said it would be necessary for Anschlag to sign an order on the Sheriff authorizing him to turn over the body to him. Mr. Glick said that he told Mr. McCoy that his offer was a good one, when the latter told him that he had persuaded Anschlag to sign the order. This he declined to do at the time, saying that it would be necessary for him to first gain his own share of the money, and he would then lay the proposition before Anschlag, telling him that McCoy had said, when the butcher got very angry, said that McCoy should not bury him, and asked him (Glick) to take charge of his body, and see that he was properly buried, which he promised to do, and Anschlag then signed an order on Sheriff Kays, leaving his body to him. He (Glick) said that he had been called by McCoy and asked that gentleman to take charge of the funeral, which he promised to do. Mr. Glick insisted that Mr. Richards had never

asked to bury Anschlag, nor had he offered to do so without pay. Mr. McCoy had since come to his (Glick's) house and tried to make out that he (Glick) had misrepresented matters, and to get him to say that the body belonged to them, but that he had refused to do so.

In the meantime, Coroner Meredith has declared himself, and says that as Coroner he will first take charge of the body and hold an inquest, after which it will be turned over to whichever undertaker the murderer's friends want.

THE PESTIVE WHEELBARROW.

Unique Procession Organized for Thursday.

Thursday afternoon at 1 o'clock a unique procession will start from the Pico House. There were several wheelbarrow bets made on the election, as well as several other peculiar wagers, that amounted to nothing of themselves, and Constable-elect Fred Smith, who won a wheelbarrow ride, thought it would be a good plan to pool issues with the other winners, and see if they could not do some good, at the same time that they collected their bets, and, after consultation, it was agreed to have a procession and take up a collection for the benefit of the orphan asylums. Nick Covarrubias consented to act as marshal, and one of the city bands agreed to give their services. Two express wagons will also accompany the procession, to receive contributions of food and clothing, and the Mayor and members of the City Council will also receive contributions. The following is the order of the procession:

First—Platoon of eight police officers. Second—The City Band.

Third—Grand Marshal Nick Covarrubias on horseback.

Fourth—Uncle Bill Clayton and Tom Keefe, the latter with a monkey on his back, and gridding a hand-organ.

Fifth—E. Nisonger in a wheelbarrow hauled by Goldbaum.

Sixth—Fred Smith wheeled by J. H. Mulaly.

Seventh—The two ladies who made the wheelbarrow bet.

Eighth—Two express wagons to receive contributions.

The line of march will be from the Pico House down Main to Fourth street, Fourth to Spring, Spring to the Temple block.

All contributions of money and supplies will be equally divided among the orphan asylums of the city.

John L. Fook also won a wheelbarrow ride from John Dalenty of the East Side, and J. S. Redona from S. Bappel. The former will not be paid until the official returns are received; the latter was paid yesterday.

Compton Ratification.

There was a big ratification meeting at Compton Saturday night, fully 1200 people taking part. The large flag of the Union League had been hung across the street from the newspaper office, and, as the festivities were kept up until a late hour, Mr. Farrell, the editor of the paper, neglected to take it down at night, and next morning found that some scoundrel had literally torn or cut the flag into ribbons. There was great indignation over the wanton outrage, which is denounced by Republicans and Democrats alike, and if the guilty party is ever found Compton will be too hot to hold him. A reward of \$300 is offered for any information that will lead to his discovery.

TIE AND TRACK.

THE WHOLESALE MEN DISSENTED WITH RATES.

Meeting of the Board of Trade Called but Silently Attended—The Case Stated—No Danger of a Coal Famine.

For some months past there has been more or less complaint among the wholesale merchants about what they considered the unfair discrimination against Los Angeles in favor of San Francisco on freight rates to points in Arizona and New Mexico. This feeling grew in strength the more it was discussed, until it was finally decided that some united action should be taken to have the rates adjusted so that both cities should stand on an equal footing, and with this object in view the following call for a special meeting of the Board of Trade was sent to President Germain:

LOS ANGELES (Cal.), Oct. 23, 1888.
Mr. Eugene Germain, President of the Los Angeles Board of Trade—DEAR SIR: We hereby request you to call a meeting of the Los Angeles Board of Trade to take into consideration the matter of competitive rates charged by railroads on different classes of merchandise between San Francisco and points in Northern and Southern Arizona and New Mexico and Los Angeles and the same points. We claim, as freights are now exacted and collected, that a damaging advantage to our interests as distributors is given to San Francisco merchants. We are situated 480 miles nearer the Arizona trade—say one-half the distance between San Francisco and average Arizona points—yet our freight rates to those points are nearly or quite nine-tenths of the through-freight rates from San Francisco to those points. We claim that Arizona is fast becoming settled by a better class of population; that canals and irrigating ditches are being constructed, and land reclaimed; that the possibilities of that trade are now sure to become an important factor in our distributing business, and that freight rates from Los Angeles should be made to accord with distances hauled. We ask for nothing better than others enjoy in this direction, and think we should be no less.

M. A. NEWMARK & CO.,
W. W. MONTAGUE & CO.,
SCHADLER, JOHNSON & CO.,
HARRIS, LEWIS & CO.,
HARRISON & DICKSON,
HELLMAN, HAAS & CO.,
JACOBY BROS.

Pursuant to this request President Germain called a special meeting of the board for yesterday afternoon, 3:30 o'clock, but at that hour only Mr. Johnston, of Schoder, Johnston & Co., Mr. Germain, one other member of the board and a TIMES reporter were on hand, and after waiting some time, and no others coming, the meeting was postponed until next Friday evening at 7:30 o'clock, when all the wholesale merchants of the city, and representatives of the railroads are invited to discuss the matter, and see if some relief cannot be obtained.

After the meeting Mr. Johnston was interviewed by the TIMES man, and some very valuable information was obtained. "This is a very important matter," said Mr. Johnston, "and one in which every wholesale dealer in the city is vitally interested. Both Arizona and New Mexico are rapidly settling up with a good class of people, and I regard that section as likely to become an important factor in our commercial development in the very near future. Recognizing this fact, we should at once see that our interests are not neglected, and that we get as favorable freight rates as any other competing point. As it is, San Francisco has a certain advantage in the way of ocean freights, all freight, non-perishable goods coming around the Horn. We, on the other hand, have to get our shipments by rail, and we must see that we are not imposed upon. I will give you one instance which, to my mind, is conclusive evidence that there is unfair discrimination in favor of San Francisco and against us. Take Glamis, a mining town in Arizona, about forty miles west of Yuma, as a case in point. That place buys about \$3000 worth of material a month, of hardware, etc., which is supplied from San Francisco. It is true that we are only a little over one-third as far as San Francisco, but the difference in freight is only 25 or 30 cents per hundred in our favor, so that the rate is \$1.50 from Los Angeles, whereas, if it were equitable, it should be \$4 to \$4.50. I think that this matter is one which should receive the attention of every merchant in the city, if we intend to try and extend our commercial relations. During the boom we were so busy in our immediate neighborhood that we neglected a good many points that now, since we have breathing time, should be attended to, and this is one of the most important."

Mr. Germain said that in his line of business the same difficulty was presented as that of Mr. Johnston, and that if Los Angeles intended to have her rights the merchants should come to the front and take hold. The railroad rates needed revision, and Los Angeles must stand up for its rights in San Francisco. He hoped every merchant in the city would be on hand next Friday evening, when the whole subject of railroad freight would be discussed.

THE COAL QUESTION.
The railroad people were considerably worked up over the coal scare in yesterday's issue of THE TIMES.

The superintendent of the Atlantic and Pacific was seen yesterday and said:

"The retail coal dealers are kicking before they are hurt. We are doing all in our power to get coal here. We have sent 100 cars to the mines today, and we are sending them back just as fast as we can unload the cars. I don't anticipate any trouble this winter, for we will supply the city even if we have to put a number of extra engines and trains on."

The general freight agents of this city are now in St. Louis, and through private advice it is learned that they will do all in their power to reduce the present high rates. The meeting of railroad men will be an exceedingly lively one, and it is believed by the local officials that the California delegation will not wait for them.

Yesterday J. P. Meehan, coast superintendent of the Pullman Palace Car Company, with headquarters in San Francisco, who has been visiting this city, left for home.

QUARRELING OFFICIALS.
W. T. Spillman of the Los Angeles County road and James McLaughlin of the Chuangua Railway are engaged at the present time in quite a lively little dispute.

It seems that the two roads claim the same crossing, and yesterday Mr. McLaughlin claimed a handicap across the County road where it crosses his track, and swore that Spillman's road should not cross. Mr. Spillman soon put in an appearance with a gang of men and removed the car. This performance was gone through with several times. Spillman swears that he will make the crossing this morning, and lively times are looked forward to.

W. D. Sanborn, general superintendent of the Southern Pacific, is in this city and has rooms at the Hollenbeck.

THE COURTS.

A Criminal Review Before Judge Cheney.

UNITED STATES CIRCUIT COURT.
E. J. Baldwin vs. Southern Pacific Railroad Company; argued by Bicknell and Van Dyke and submitted.

United States vs. Colton Marble and Lime Company et al.; continued for one week on motion of the United States District Attorney.

United States vs. Antonio Ales; previous order vacated and attachments for witnesses issued, returnable November 19th.

Estate of Peter Corning; on proof of claims of expenses for said decedent, ordered that Alexander Urquhart be paid amount remaining in registry of court to credit of said estate.

Amount remaining to the credit of Edward A. Eivers, a seaman, was ordered paid.

Adjudged to Monday, November 19th.

anderson and W. F. Whittum were dismissed on motion of the District Attorney.

The case against Frank Toal, of assault with a deadly weapon, was brought up, the defendant being in court. The order declaring bail forfeited was vacated and defendant given until tomorrow to plead.

C. H. Twine, accused of perjury, was before the court, and K. B. G. Trepier, Esq., was appointed to defend him; given until Wednesday to plead.

The arraignment of Thomas Jordan was continued until Wednesday, November 14th.

Thomas Williams pleaded not guilty; trial to be set next Monday.

The case against Meda Frank for adultery was dismissed on motion of Attorney Appel, because information was not filed in proper time.

Joseph James, accused of robbery, was arraigned and given until tomorrow to plead.

Dottie Barretto, accused of stealing a seal skin sacque, pleaded not guilty and trial was set for December 17th. C. C. Stevens is counsel for the defense.

The arraignment of Charles Grassi, accused of murder, was continued until tomorrow.

The case of Frank Kelly, accused of grand larceny, was set for trial December 15th.

The following cases were continued until Monday next to be set for trial: Charles F. Kearney, embezzlement; David Liera, murderer; Charles Dunn.

John Bark, convicted of robbery, was sentenced to Folsom for four years.

The five cases of the People vs. Southern Pacific Railroad Company were continued until November 19th at 10 a.m.

JUDGE O'MELVENY'S COURT.
Mary E. Keniston was examined for insanity and discharged.

John Henry Polhaus, native of Germany, was naturalized.

NEW CASES.
G. L. Stapleton of Santa Ana filed a petition in insolvency.

F. K. Cheesborough sues C. C. Cheesborough for a divorce on the ground of desertion.

Mrs. M. L. Whitlock and E. A. Whitlock sue William Andrews to recover \$1000 on notes and mortgage.

A. S. Marshall sues W. A. Field, Omri Bullis and Walter Young to quiet title on tax sale.

JUSTICE TANEY'S COURT.
J. and T. Mounane, convicted of disturbing the peace, paid fines of \$3 each.

W. L. Hunter, accused of battery, was tried and discharged.

A large number of "vag" cases were disposed of.

JUSTICE AUSTIN'S COURT.
Thomas Bennett and Jess Matthews, for disturbing the peace, were fined \$5 each, which they paid.

W. Watson pleaded not guilty to disturbing the peace; trial set for tomorrow.

Tom Brown, charged with stealing the contents of a blacksmith shop, was committed in default of \$100 bail.

Thomas Calleran, for selling liquors on election day, was fined \$5, which he paid.

J. J. Donohoe, accused of embezzling \$8 and two railroad checks, had his examination set for next Saturday, and was released on \$200 bail.

The trial of Mike Stack, for disturbing the peace, was continued until November 15th.

SOCIAL PURITY.

Adjourned Meeting of the Woman's Committee Yesterday.

The adjourned meeting of the Woman's Committee in the interests of social reform convened yesterday at 3 p.m. in the parlors of the Fort-street Church.

Some 50 ladies were in attendance and a lively interest was manifested.

The meeting opened with singing, Scripture reading and prayer. The minutes of the last meeting were read, corrected and approved.

The chairman suggested that the Executive Committee to plan work should consist of 25 members, instead of only 15, as the original number would not represent as many churches and organizations as desirable, and Mrs. J. A. Wills was appointed to confer with the chairman and secretary to name the other 10.

The meeting was then thrown open for general discussion, and the first subject to be discussed was the bill introduced by Hon. Stephen M. White and Hon. R. H. F. Varrel, as recently published in THE TIMES.

Portions of the petition were read, several defective points discussed and a committee of five was appointed to examine the bill and confer with the legislature on the same.

Also, in a clear, straightforward manner she laid the truth before the ladies in such a way that all present felt like saying "amen" to every word.

Mrs. Harrison, as a mother, spoke to the mothers concerning the bill, and to the point concerning the rescue work from her 16 years' experience among the Chinese women in San Francisco and elsewhere.

Miss Dunham made some excellent points also, in a clear, straightforward manner she laid the truth before the ladies in such a way that all present felt like saying "amen" to every word.

Mrs. Harrison, as a mother, spoke to the mothers concerning the bill, and to the point concerning the rescue work from her 16 years' experience among the Chinese women in San Francisco and elsewhere.

After a somewhat lengthy but very interesting session, the meeting adjourned to Thursday afternoon at 2 o'clock.

Specialist in all forms of female complaints and all chronic diseases of the blood, etc.
Hollenbeck Block, corner Spring and Second Sts., Los Angeles, Cal.

All diseases of the respiratory organs treated by the most improved medical inhalations, combined with proper constitutional remedies for the liver, stomach, blood, etc. We also now using the Compound Oxygen treatment which has such a world-wide reputation in lung and nervous affection. Properly no system of practice ever adopted has been so uniformly successful as that introduced by Dr. Williams' method of the cure of catarrh, throat diseases, laryngitis, asthma and consumption.

CATARRRH.
The term catarrh is applied to a peculiar disorder of the nostrils and adjacent parts, which prevails to an alarming extent and is productive of very serious consequences. The most prominent and characteristic feature is a morbid discharge from the head, varying in its nature at different times. In some there is an almost constant flow of clear, acid fluid, but often an offensive, purulent or bloody discharge. The morbid matter is secreted, which accumulates in the nostrils or drops into the throat, necessitating its frequent removal by blowing the nose or expectoration, and often by both processes. Sometimes patients feel as though their whole head was in a state of rotteness, so great is the amount of matter discharged and so fetid is its odor. The patient is greatly annoyed by the constant dripping into the throat and nostrils, the passage between the throat and head, adhering to the parts with gummy tenacity. Its lodgment embarrasses respiration and causes a sensation of irritation and uneasiness in the affected locality, which gives rise to a constant and almost irresistible desire to sneeze, and to eject the matter from the nostrils, so as to eject it by the mouth. The practice, popularly known as "blowing," is characteristic of catarrh, and proves so harassing to the one affected as it is disagreeable to those around him. Again, the offensive matter hardens and deposits itself on the membrane in the shape of a hard concretions, which are disengaged by way of the nostrils or throat in lumps or fragments of a deep green tint. In some cases, the discharge is so profuse as to cause a constant drip from the nose, which obstructs breathing and produces sore throat, and in some cases the discharge is so profuse as to cause a constant drip from the nose, which obstructs breathing and produces sore throat, and in some cases the discharge is so profuse as to cause a constant drip from the nose, which obstructs breathing and produces sore throat.

Dr. E. T. Barber of Lancaster, Antelope Valley, Los Angeles county, Cal., offers 3.00 acres of land for sale, in tracts of 25 acres and upwards, at \$8 to \$50 per acre, with liberal terms and title guaranteed. This valley has raised the premium wheat of the world; sugar beets at the rate of 2 1/2 tons to the acre; barley hay, three tons; eight crops of alfalfa in one year; parsnips seven inches in diameter and is competent to compete with Spain for raisins and France for champagne. All this and offered can be covered with mountain water, and has good surface and artesian water, and much of it has a subsoil irrigation. The railroad facilities are good; the Southern Pacific Railroad now crosses it, and three other great railroads are expected to do so in the near future. Climate good, no cyclones, blizzards, fogs on main. Antelope Valley is the hope of the poor, a boon to men of moderate means, and a bargain to keen-sighted business men. Send for map and description.

FOR SALE
—BY—
John P. P. Peck, 9 N. Main St.
\$1000—9-room house, hard finish, bath, pantry, etc., on Myrtle ave., between Seventh and Eighth. Also furniture in same at fair prices.
\$200 to \$300—Lots on installment plan.
\$700 to \$800—Houses and lots, all on street car lines, within from seven to twenty minutes from First and Main streets.
Also houses to rent at \$5 to \$50 per month.
—JOHN P. P. PECK

Established. New patented San Francisco device worth millions, in use in no other place, by which our Pianos stand in tune 20 years, split, shrink, decay, or wear out. Rosewood Cases, 3 strings, double tone and a ten; Ivory keys full and every improvement a million guarantee. Don't fail to call or write. Catalogue free. T. M. ANTISELL PIANO CO., Market and Seventh Streets, San Francisco.

CONSULTATION FREE.
Those who desire to consult with me in regard to their cases had better call at my office for consultation and examination, but if impossible to do so, can write a copy of my Medical Treatise, containing a list of questions. Address

A DEFAULTER'S PLEA

The Cleveland Embezzler in Canada.

He Tells How He Came to Take the City's Funds.

A Terrible Tragedy Enacted in an Illinois Town.

Gov. Guy of the Chickasaw Nation Assassinated by Political Enemies—Prospects of a Lively Session of Knights of Labor at Indianapolis.

By Telegram to The Times.

CLEVELAND (O.), Nov. 12.—[By the Associated Press.] Thomas A. Worthington, the defaulting City Treasurer of Cleveland, who departed from town \$40,000 short, and with \$150,000 of other people's money in his carpet-bag, has written Mayor Babcock a letter. It was sent from Montreal October 29th, and when the Mayor received it, he hastened to Montreal in order to have an interview with Worthington. He remained a week, and returned to Cleveland without having seen his man. Late this afternoon, the Mayor gave the newspapers a copy of the letter. In it, the chief reason for his acts is given in the following language:

"I went east about October 1st for the purpose of collecting large sums loaned by me on call from time to time during the last four years, at the suggestion of prominent Cleveland parties. I had been receiving the interest regularly, but greatly to my surprise and horror, when I demanded the principal, I was answered, 'we cannot pay it; in fact, it would have been impossible for us to have done so within four months after we had made the loan,' etc., etc. In fact, an investigation proved, such as to be the case, although I supposed the parties to be worth millions. I need not dwell on this matter; in fact, I cannot. It is too terrible for me to think of or write about. You will know, from the position I occupy in your city, how my situation must affect me or any other man that has always been strictly honest to the letter—thus overwhelmed by circumstance which, when too late, he finds he cannot control. There was a combination to ruin me, and it has succeeded. I am properly and deservedly, perhaps, a sufferer and exile."

He transfers to the city of Cleveland all his property, valued at \$370,000, to make good his shortcomings. He concludes his letter by saying that if that be not enough to cover the city's loss, he is willing to contribute further to that end. Mayor Babcock will probably make another trip to Montreal in the hope of having a personal interview with the defaulter.

PERILS OF THE SEA.

The Iberia Sunk—The Alaska's Near.

HIGHLANDS (N. J.), Nov. 12.—Though the steamer Iberia, which collided with the Umbria, could be plainly seen from here yesterday as she lay off the Long Island shore, nothing can be seen of her today. It is thought she has sunk.

NEW YORK, Nov. 12.—The steamer Umbria, injured by colliding with the steamer Iberia Saturday, again left port this morning, fully repaired.

NEW YORK, Nov. 12.—A dispatch from Sandy Hook at 7:30 this morning, says the steamer Alaska grounded in the channel in the lower bay. Carter Harrison of Chicago is on board.

The Alaska came off at high tide, and arrived this afternoon.

NEW YORK, Nov. 12.—A pilot boat reports that the Iberia sank last evening off Rockaway Beach.

THE KANSAS HORROR.

Thirty-nine Bodies Thus Far Taken From the Mine.

PITTSBURGH (Kan.), Nov. 12.—[By the Associated Press.] Up to Sunday evening at 6 o'clock 39 dead bodies were recovered and 20 of the wounded. Of the latter not to exceed five will die, probably not that many. Experts and volunteers are still thoroughly searching the entries and rooms of the underground workings for bodies, but it is thought they are all discovered.

There were about 150 men in the mine at work at the time of the explosion, those over and above the number of killed and wounded having escaped soon after the explosion by way of the air and escape shafts. Officers of the mine, on the surface, ground, and all is being done that can be for the relief of the suffering and distress of all the wounded men and destitute families.

A CHIEF KILLED.

Gov. Guy of the Chickasaw Nation Assassinated.

GAINESVILLE (Tex.), Nov. 12.—News was received this morning from Tishmon, capital of the Chickasaw Nation, that Gov. Guy was assassinated on Saturday night. Advice from the Chickasaw Nation is that serious trouble is brewing between the followers of Gov. Guy and his opponent in the late election, Byrd. The report of the assassination is not yet confirmed.

FR. SMITH (Ark.), Nov. 12.—Deputy marshals from the Indian country, who arrived here today, said that they have reports that Gov. Guy of the Chickasaw Nation was assassinated on Saturday night. This was no more than was expected, as a number of attempts have been made upon his life. United States officials leave here tonight for the scene.

Disputing About the Rio Grande.

WASHINGTON, Nov. 12.—It is learned at the Department of State that the conflict over the course of the Rio Grande at El Paso between the inhabitants of that place and the Mexican dwellers at Paso del Norte on the opposite side of the river, is not a new question, but that the matter has been the subject of correspondence between the Governments of Mexico and the United States for the past two years. The treaty of 1854 forbids the construction of works on either bank that may interfere with navigation or change the course of the river, so that the questions at issue are largely those of facts, as to whether or not the operations on either side have or will actually result in interference with navigation or the erosion of the banks.

A Bald-knocker to Hang.

JEFFERSON CITY (Mo.), Nov. 12.—The Supreme Court today affirmed the verdict of murder in the first degree against William Walker, chief of the notorious bald-knocker organization in Missouri. He will be hanged December 28th. This decision also affects three others of the gang who were convicted about the same time that Walker was.

Shot by His Stepson.

COURTLAND (Ont.), Nov. 12.—Today John Armstrong of Middlesex township entered a house where his wife, from whom he had been separated, was living, and shot her in the head. Armstrong's stepson, who was in the house, emptied a shotgun into Armstrong's face. Mrs. Armstrong may survive. Armstrong cannot.

The Transcontinental.

ST. LOUIS, Nov. 12.—The meeting of the Transcontinental Association called for today had an informal session, but no business was transacted in consequence of the non-arrival of representatives of the Northern Pacific and Denver and Rio Grande roads. These gentlemen are expected tomorrow.

Their Celestial Nibs.

WASHINGTON, Nov. 12.—Chan Gen Hong, Chinese Minister, arrived in this city this evening. He was accompanied by Liu Liang Luan, Charge d'Affaires in Peru, who is on his way to China, and Lin Ting Tsang, Consul General at San Francisco.

Admitted to Practice.

WASHINGTON, Nov. 12.—R. L. Horton of Los Angeles has been admitted to practice before the Interior Department.

A TERRIBLE CRIME.

An Aged Couple Butchered—Suicide of the Murderer.

WENONA (Ill.), Nov. 12.—[By the Associated Press.] A most blood-curdling and atrocious crime was committed here early this morning, and the city is in a fever heat of excitement over the murder of Peter Howe, a wealthy banker, and his wife, aged 73 and 60 years. About half a mile from the business part of the city stands the Howe residence, a large two-story frame structure. Here lived the aged couple, with one domestic. At 6 o'clock this morning, as the latter came down stairs, the reflection from the lamp she carried shot through the open door of Mr. and Mrs. Howe's bedroom and revealed a ghastly sight. The walls and bedclothes were covered with blood. Lying on the floor was a car-coupling pin, to which adhered hair and clotted blood.

The servant ran to communicate the terrible story to Irvin, Mr. Howe's son-in-law. The latter at once suspected Charles Burkhardt of committing the deed, and a watch was at once placed on the rooms where he resided with his wife over a grocery store in the principal business block of the city. Burkhardt was observed walking up and down the hallway, apparently in great agitation. It was not long until he discovered that sentinels had been posted outside, when he went into his bedroom, procured a razor and cut his throat from ear to ear, and was a dead man inside of five minutes. His wife, who had been in an adjoining room, heard his dying moans. She entered the room and found her husband lying on the floor, "care for baby."

The cause of the terrible crime is attributed to petty spite on the part of Burkhardt. The domestic in the house, Sarah Richardson, is a handsome lass of 19, and is Burkhardt's stepdaughter. He often importuned her to come and live with him, but she refused to do so, and she thought the law was at the bottom of her objections. He therefore concluded to murder her. Some time during the early hours of the morning he went out, procured a ladder, entered the second story window and descended to the room where the fearful crime was committed. There was nothing taken from the room, Burkhardt's only desire being murder. Peter Howe, the man, has been a resident of Wenona for nearly thirty years and amassed a fortune here of \$250,000. He was very charitable and possessed a spirit of philanthropy which led him, some time ago, to endow the Howe Institute at New Iberia, La., and the Baptist Institute at Memphis, Tenn., the latter being a college for the education of indigent persons of both races. The murdered wife is sister of George Harks of Magnolia, Ill., a millionaire.

Burkhardt, the murderer, was a dissolute, drunken fellow and very dangerous when under the influence of liquor.

The citizens of Wenona emphatically express themselves that had not Burkhardt committed suicide they would have lynched him. Sheriff Morrissey of Ottawa, with three deputies, arrived on the scene at noon, apprehensive of a difficulty of this kind, but the desperate man chose death to being taken alive.

The coroner this evening obtained a statement from the domestic Sarah Richardson. She said that her stepfather, Burkhardt, the murderer, came to the house last night. He did his domestic work, went upstairs, and then came to her room and told her what he had done, and after an attempt to ravish her, left the house. She lay there all night, not daring to give alarm lest he would murder her. Apparently the assassin's motive, aside from revenge and liquor, was to enable his stepdaughter to come into the possession of a sum of money which he had secured by the murder. He would stay with them during their lifetime. It would seem that the murderer had a crazy idea that, with the girl once in possession of this money, it would be an easy matter for him to secure it.

KNIGHTS OF LABOR.

A Lively Session Anticipated at the Coming Session.

INDIANAPOLIS, Nov. 12.—[By the Associated Press.] A great number of Knights of Labor delegates to the General Assembly are arriving in the city to attend the session which begins tomorrow. A lively time is expected, as it is thought the opposition to General Master Workman Pendergast will develop strongly.

The distance many district assemblies will not be represented. In fact it has never been possible to have a really full attendance at these annual meetings. This year an attendance of from 150 to 200 is all that the leaders look for, but that number may prove sufficient to constitute a quorum. The Committee on Credentials, which is required to be in session 48 hours prior to the opening of the session, has been steadily at work today. Beside minor contests, which it is thought will be satisfactorily decided, there is a report of a contest in District Assembly No. 49 of New York. The committee took a recess until morning without having come to a consideration of the matter. The active contestants not yet having presented themselves to present their case. Thomas Barry of Michigan will be present as delegate from the "Assn. of Manufacturers," whether he will be admitted remains to be seen. He has been expelled from the Executive Board, and his seat will be contested on the ground that he is ineligible because of such expulsion.

Chamberlain Arrives.

NEW YORK, Nov. 12.—Hon. Joseph Chamberlain arrived from England today. His marriage with Mary Endicott, daughter of the Secretary of War, will take place Thursday at Washington.

WASHINGTON, Nov. 12.—Joseph Chamberlain, who is to marry Miss Endicott the latter part of the week, arrived in Washington this evening. He was met by William C. Endicott, Jr., and driven direct to the residence of the prospective bride. Afterward he went to the Arlington Hotel where he will stop until Thursday day, which will probably be next Thursday.

Early Winter on the St. Lawrence.

QUEBEC, Nov. 12.—Dispatches from Lower Quebec say that two feet and a half of snow has fallen all along the St. Lawrence. Fears are entertained that there has been a serious loss of life among the fishermen on both shores of the Gulf. A Government steamer has been sent out to patrol the coast and aid wrecked vessels.

Cutting Rates.

NEW YORK, Nov. 12.—The New York Central has cut west-bound rates to Chicago 25 cents per 100 pounds for first three classes and other classes proportionately. The cut is made on account of roads made by the Pennsylvania Railway. All lines are taking business at cut rates.

A Tough Gang on Trial.

LITTLE ROCK (Ark.), Nov. 12.—The trial of Dr. H. C. Hite, Evan Mellinger, Col. Beckham, Frank Davis and Cabel Glascoe, charged with intimidating Government witnesses, commenced today. The men are members of an organization similar to the White Caps of Indiana.

The President at His Desk.

WASHINGTON, Nov. 12.—Owing to the fact that the President's physician called at the White House this morning, the rumor has spread that Cleveland is ill. The report is entirely groundless. The President was at his desk this forenoon and held the usual reception this afternoon.

Mrs. Robinson Escapes the Gallows.

BOSTON, Nov. 12.—The sentence of Mrs. Sarah J. Robinson, who was to hang on Friday for the murder of her brother-in-law, Prince A. Freeman, by poison, in June, 1885, has been commuted to solitary imprisonment for life.

Another Rochester Victim.

ROCHESTER (N. Y.), Nov. 12.—This morning another body was found in the ruins of the lamp factory, burned and crushed beyond recognition. In all seven charred bodies have been taken from the ruins.

The Korean Minister Ill.

WASHINGTON, Nov. 12.—The Korean Minister, who has been quite ill, is reported to be improving in health. He has applied for and obtained leave of absence to return to Korea in a short time.

BAD FOR TERRY.

The Supreme Court Decides Against Him,

And the Judge Must Serve Out His Sentence in Jail.

Justice Harlan Delivers the Opinion—Field Takes No Part.

The Supreme Court Rules Against the Bell Company in the Government's Suit to Annul Its Patent—Gov. Swineford's Report on Alaska.

By Telegram to The Times.

WASHINGTON, Nov. 12.—[By the Associated Press.] The Supreme Court of the United States today denied the application for a writ of habeas corpus in the case of David S. Terry of California, convicted of contempt of court for the violent scene in which he and his wife attacked the officers of the court. The application for the writ was made on the ground that Terry, at the time of his offense, was not in the courtroom and did not notice the order of the Court's intention to bring him to trial.

After presenting the case made by the application, the decision says:

"What are the grounds upon which the petitioner claims that the Circuit Court was without jurisdiction to make the order committing him to jail? They are: First, that the order was made in his absence; second, that it was made without his having any previous notice of the intention of the court to take any steps whatever in relation to matters referred to in the order; third, that it was made without giving any opportunity of being first heard in defense of the charges therein made against him. The second and third of these may be dismissed as immaterial in an order of this kind. The court is at liberty upon this original application to make, for, upon the facts recited in the order of commitment, showing a case of contempt committed in the presence of the court which tended to destroy its authority and to embarrass and obstruct its business by violent methods, petitioner was not entitled, of absolute right, either to demand a trial or to notice by the rules of courts, of the intention to proceed against him, or to any opportunity to make a formal answer to the charge contained in the order of commitment."

The decision says it is undoubtedly the general rule that sentence pronounced against a party without hearing him or giving him an opportunity to be heard, is not a judicial act, and is, therefore, void. It is not entitled to respect in any other tribunal, but declares that there is another rule, which is equally vital to personal liberty and the privileges of organized society. It is the relation to a class of contempt, which, being committed in the face of a court, imply a purpose to destroy its authority or to insult or to intimidate those charged with the duty of administering the law. Numerous authorities and precedents are cited upon which the decision concludes that it was competent for the Circuit Court immediately upon the commission in its presence of the contempt recited in its order of September 3, 1888, to proceed upon its own knowledge of the facts and imprison the offender without a hearing process, without issue or trial in any form, and says:

"It was not without to hear any explanation of his motives if it was satisfied—and we must conclusively presume it was—and that no explanation could mitigate the contempt, nor could it be a defense. It was committed with knowledge of its nature, and its consequences, and as such it was a crime. Whether the facts really justified such punishment was for the Circuit Court to determine. Its conclusion upon such facts is not open to inquiry or review in this collateral proceeding."

As to the affirmation that the order of September 3d was void because it was made in the absence of the petitioner, the decision says:

"The jurisdiction of the person of petitioner attached instantly upon the contempt being committed in the Court's presence. That jurisdiction was not surrendered, nor was it lost, by any delay in its exercising the power to proceed, without notice and without issue or trial. The absence of petitioner from the courtroom in another room in the same building at the time the order was made, was a voluntary act on his part, and he was in the presence of the court, his voluntary leaving the courtroom, his going into the Marshal's room, and the making of the order of commitment were, in substance, one occasion. The constant and continued presence of the petitioner in the courtroom, and the jurisdiction of the court to enter the order for the offender's arrest and imprisonment was not affected by his voluntary leaving the courtroom in the immediate presence of the judges."

The decision was read by Justice Harlan. Justice Field took no part in the case.

ALASKAN AFFAIRS.

Report of Gov. Swineford—Vast Mineral Wealth.

WASHINGTON, Nov. 12.—[By the Associated Press.] The Governor of Alaska, A. P. Swineford, in his annual report to the Secretary of the Interior, states that the population has greatly increased and he estimates that there are 20,000 natives. The total population is 49,550 and of this number 6500 are whites, 19,000 are Aleuts and 24,000 are Indians.

In regard to the settlement of public lands the Governor states that all settlers in Alaska are now under the supervision of the land office. He says that the people are waiting legislation from Congress which will enable them to secure titles. All the salmon fisheries in the Territory, 17 in number, are located on public lands. He asks a favorable consideration of the bill now pending before Congress providing for the organization of the Territory. The Governor says that as far as he knows there are no practical farmers or gardeners in the Territory.

The only obstacle in the way of agriculture, in the opinion of the Governor, is that the lands are not available for settlement. He says the climate is favorable and the soil rich. He sees no reason why Alaska may not ultimately rival Montana and Wyoming as a cattle country. The stamp mills on Douglas Island, which the report states are the largest in the world, have an estimated output of \$150,000 in gold per month. Other gold mines are being developed on the same island, and the report notes the sale of four claims for \$1,500,000. Promising silver discoveries have been made.

The Governor thinks there is enough coal in the Territory to supply the whole of the United States for a century.

The Governor reiterates the charges made in the last annual report relative to the violation of law and ill treatment of natives by agents of the Alaska Commercial Company. He credits the company with adhering faithfully to its contract with the Government, as to the number of seals killed on the Seal Islands and the treatment of natives there, but elsewhere in the Territory, he says, where the company's rule is supreme, the people are little better than serfs of that powerful company.

THE TELEPHONE CASES.

A Decision Given Against the Bell Company.

WASHINGTON, Nov. 12.—[By the Associated Press.] Justice Miller of the Supreme Court today rendered a decision in the suit of the United States against the Bell Telephone Company, brought here on appeal from a decision of the Circuit Court of Massachusetts, sustaining the demurrer entered by the Bell Company to the Government's suit.

Justice Miller decides that the plea of multifariousness set up by the Bell Company does not hold good, and also that the Bell Company's contention that the United States has no right to begin suit to set aside the patent is not good. The decision is in favor of the Government. Justice Miller overrules the decision of the Circuit Court of Massachusetts, and remands the case with instruction to entertain the Government's bill.

PASADENA.

The Republican Ratification Parade Last Night.

PASADENA, Nov. 12.—[Correspondence of THE TIMES.] Pasadena was wild with excitement and jollity to-night. The ratification meeting was a great success. Streets perfectly jammed with people, fireworks on a grand scale, red lights, firing of cannon, etc., showed the citizens did everything possible to make it an immense affair and they succeeded splendidly. The decorations and illuminations were very good. Howard Place was very prettily lighted with Chinese lanterns. A large number of fireworks were used, both by the procession and spectators. Some were very reckless, but luckily no serious accident occurred.

The procession was a lengthy one, and did credit to the city. The first division was composed of the Harrison Club, carrying cowbells, horns, etc.; then came the Union League of Los Angeles. Each member had a flag stuck on his hat or coat. After them came a cart with a man dressed as a woman in the fashion of a hundred years ago. On a transparency was "Our Frankie," "Bound for Buffalo," "Plenty Time to go Fishing," etc. The Wilson school cadets were out strong. The boys did not hesitate to do their share of the yelling. The old Tippecanoe veterans were in two four horse wagons, and enjoyed the fun as much as the younger ones. The Protective Cadets, with their "Sack-villians" and flambeaux made their usual excellent display. Next came a large number of citizens and invited guests. Sierra Madre showed up well. They carried a number of transparencies, some of them very good.

The colored club was out in full force, also a large number on horseback. The grand marshal, Col. M. A. Ray, and staff, on their "prancing steeds," led the parade in great style. Alder: Frank Ely, W. A. Darracott, James MacLachlan, M. E. Wood, W. B. Van Kirk, H. O. Kendall, W. T. Vore, T. Hoag, W. B. Parker, Capt. Herbert Pinckney commanded the Harrison Club; Wilson School Cadets, Capt. O. C. Skinner; Protective Cadets, Capt. F. L. Rockwood; citizens' delegation, Capt. T. J. Fleming; colored club, Capt. H. Moore; mounted company, Capt. C. C. Brown. The second division was under the command of Col. R. Williams and staff. A place was assigned in the parade, under the command of Col. "G. Orful Sick," for those who did not vote for Harrison, but wished they had. They did not come to time, so the Colonel was left behind. Sick men were not wanted in that blowout.

Arrested for Embezzlement.

J. J. Donevan was arrested by Detective Glass yesterday afternoon, and locked up in the City Prison on a charge of embezzlement. Donevan, who formerly kept the Elite saloon, on First street, is charged by a laborer named Galvin with having made away with a couple of time checks on the Santa Fé road and money to the amount of \$95. Galvin says that he came into town in January last, and one night gave Donevan the checks and \$20 in money to keep for him. The next morning Donevan gave him back \$33, telling him that he had spent \$7, but that he never returned the checks, which were either lost or disposed of. Galvin, who cashed two or three days after he gave them to him, Donevan claims that he never saw the checks. Justice Austin will look into the case this morning.

Got Into a Bad Box Car.

Deputy United States Marshal Holton yesterday brought three boys, John Taylor, Herbert Francis and Alacius Pinks, from The Needles and put them in the County Jail, where they were booked for burglary. It appears that the boys, who range from 17 to 20 years of age, were beating their way on the road, when they got into a United States bonded car. They insist that they did not break the seal on the car door, but that it was sprung, and they got in by mistake, not knowing that it was a bonded car, and rode to The Needles, where they were arrested. They will be examined before a United States commissioner today.

Horse and Phaeton Stolen.

This morning at 1:30 o'clock a telephone message was received from O. Kimball, at Pasadena, saying that a horse and phaeton had just been stolen at that place. The horse was a sorrel, with a short mane, long neck and one white foot, and has a scar about two inches long on the left lip. The horse had been clipped only a day or two ago. If found the matter should be reported at the police station.

The Police and Constables.

The police and constables' base-ball nines, who played a match game for the benefit of the orphans several weeks ago, held a meeting in Justice Austin's courtroom last evening for the purpose of settling up matters and closing up accounts. The prizes were awarded, and after paying expenses the remainder will be turned over to the various orphan asylums of the city.

Got on a Tear.

Richard Cornell, who keeps a grocery store in the Connel House, on First street, got on a tear last night, and tried to clean out the place and wipe up the floor with his wife and mother-in-law. The police station was telephoned, and Richard was given a free ride in the patrol wagon. He was locked up, charged with disturbing the peace.

A Correction.

In the notice of the first Cotillion party, to occur next Friday night, Mr. Charles Sloane was credited with the preparation of the favors. The work of preparing them has been done, and faithfully done, by Mrs. C. J. Ellis and the Misses Stoneman, who have been the faithful aids of Mr. F. Micks.

Shot from a Bush.

LOUISVILLE (Ky.), Nov. 12.—It is reported that Buck McComb and Fulton French were shot down while riding through the woods near Lancaster, Ky. French was the leader of the French faction in the French-Eversole feud and McComb was one of his friends. The assassins are supposed to have been in ambush, and escaped.

The Weather.

SIGNAL OFFICE, LOS ANGELES, Nov. 12.—At 5:07 a.m. the thermometer registered 53; at 12:07 p.m., 66; at 5:07 p.m., 59. Barometer for corresponding periods, 30.01, 30.02, 30.01. Maximum temperature, 60; minimum temperature, 48. Weather, clear.

Follow the Crowd.

Wednesday and Thursday, the 14th and 15th inst., and go to Prospect Park and see the greatest games of base-ball ever played in Southern California. Trains will leave depot near Sisters' Hospital, corner Beaudry and Bellevue avenues, on both days, every 20 minutes, from 11 a.m. to 1:40 p.m. Game will be called at 2 p.m. sharp. Round trip ticket only 25 cents.

Large Crowd.

The final closing out sale of Star Shoe House, 30 and 32 North Spring street, is crowded from morning to night with eager purchasers. The stock is to be sold in 60 days, hence the low prices. Look for the yellow signs.

"Miss Churchill came to us with a most enviable reputation, and her happy efforts of last evening proved that she could both sustain and increase it. She is the fortunate possessor of a rich and sympathetic voice which she controls without the slightest apparent effort."—Metropolitan Herald.

Pears' is the purest and best soap ever made.

Children Cry for Pitcher's Castoria.

Excursions.

THE HOTEL del CORONADO,

San Diego County.

IS THE MOST

Remarkable and Magnificent

On the continent of America.

The climate of the peninsula whereon this gorgeous structure stands is both

PRESERVATIVE AND RESTORATIVE.

Residents of Los Angeles readily admit the fact that the night air is much warmer than that of Los Angeles during the winter and so balmy that people can sit outside in the evening.

There is NO MUD and LESS FOG than prevail back in the country. The temperature during the winter is 5° warmer at Coronado than that of the most favored of the world-renowned Mediterranean resorts.

Rates, from \$2 per day by the month; transients, 40 per day and up according to room.

E. S. BABCOCK, Jr.,

Manager.

Real Estate.

CALIFORNIA LANDS

LOS ANGELES!

THE SIMI LAND & WATER CO.,

Los Angeles, Cal., have for sale a large body of fine fruit, farming and grazing lands, well watered, and located in one of the most attractive and healthful portions of Southern California. They offer lands from \$5 to \$400 per acre, on very easy terms for actual settlers, and will make special inducements to colonists. For maps, price lists and full information, address:

DIED.
DURSTON—In this city, November 11th, Joseph L. Durston, aged 51 years.
Funeral on Tuesday, Nov. 13, at 10 o'clock. Friends are invited to attend.
SACRIS—In this city, November 11, 1888, Charles Sacris, a native of Bordeaux, France, aged 74 years.
The funeral will take place today (Tuesday) from the Cathedral at 10 o'clock a.m.

A WARNING.
The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the throat and lungs than any other. It is probable that every one, without exception, receives vast numbers of tubercle germs into the system, and where these germs fall upon suitable soil they start into life and develop, at first slowly, and is shown by a slight tickling sensation in the throat, and it allowed to continue their ravages, they extend to the lungs, producing consumption, and to the head, causing catarrh. Now, all this is dangerous, and, if allowed to proceed, will in time cause death. At the onset you must act with promptness; allowing a cold to go without attention is dangerous, and may lose you your life. As soon as you feel that something is wrong with your throat, lungs or nostrils, obtain a bottle of Bosche's Germinal Syrup. It will give you immediate relief.

NOTICE.
To Physicians and Housekeepers.
Your attention is hereby called to sections 4 and 5 of city ordinances, requiring all physicians and housekeepers to report any and all contagious diseases in writing, immediately after he or she shall become satisfied of the nature of such disease.

Non shall any child be permitted to attend public schools when such contagious disease exists, until such place shall have been thoroughly fumigated, and with written consent of the Health Officer. This ordinance will be rigidly enforced. John W. Reese, Health Officer.

Removed.
From No. 225 West Fourth street to No. 349 South Spring street, between Fourth and Fifth, and want good second-hand furniture, carpets and stoves. W. P. Martin & Bro.

Medical.
DRS. D. & B.

DRS. W. N. DAVIS AND L. K. BLAKESLEY, having formed a partnership and engaged the services of some of the most noted specialists in this country, have removed to their elegant parlors,
Nos. 37, 39, 39 & 40, Phillips Block,
NORTH SPRING STREET,

where they are prepared to treat every curable case successfully, as well as many diseases which have heretofore been considered incurable. The firm will be known hereafter as
DRS. D. & B.

A WORD TO THE LADIES.
We are especially prepared to treat diseases of your delicate organisms, such as irregularities, Painful Menstruation, Diseases of the Womb, etc. We will guarantee a cure in every case undertaken. If we cannot cure you we will not treat you.

We will cure prostrations (falling of the womb) and other displacements in every case, no matter of how long standing, without the use of a supporter.

We are prepared to perform any surgical operation, such as removal of tumors, ovariotomy, operation for fistula, piles, etc., with success equalled by none.

CATARH, BRONCHITIS, CONSUMPTION, ETC., ETC.
Our specialist in the department, by the aid of a BRONCHIAL INHALATION, is able to cure cases where every known means have hitherto failed. Western to this treatment numerous consumptives enjoy the best of health, whose friends and family physicians declare nothing short of a miracle could cure. CATARRH is not merely relieved, but a permanent cure is effected, as patients treated four years ago with no return of the disease will testify. Over 600 testimonials of cures are on file in this department.

EYE AND EAR.
Our Oculist and Aurist is one of the most successful practitioners in this line in the United States. Operation of all descriptions can be performed at home. The blind can be made to see and the deaf to hear. Cross-eyes are straightened so perfectly that a former deformity will never be suspected. Cataracts are removed. Defective vision is corrected by glasses, and artificial eyes are adjusted which are so natural that the most intimate friends do not suspect.

DYSPEPSIA.
Several hundred cases have been treated during the last year without a failure to get a cure. When climate, quick medical aid, and general practitioners fail, give the doctors a trial, and a cure will be guaranteed.

RHEUMATISM.
Our specialist in rheumatism is meeting with the greatest success. If there is any known or unknown rheumatism, the Doctor will be able to inform you, and treat you accordingly.

BLOOD DISEASES.
Our vegetable blood remedies will remove a blood taint, whether hereditary or acquired, such as Syphilis, Scrofula, Erysipelas, etc. Rheumatism, etc.
We will entirely remove the evil effects of a previous treatment of mercury or iodine of Fournier. Patients who have been cured of the springs of the blood disease, but who suffer now almost as much with mercurial poisoning, will do well to consult us.

YOUNG MEN.
Many young men have given away to follies in their early youth, the evil effects of which are not recognized perhaps for years, and sometimes not till middle life, when the well-known symptoms present themselves: Disordered taste in the mouth, forgetfulness, loss of energy, weak back, loss of manhood, a cross dream, etc. Let not a sense of false modesty prevent you from seeking relief at once. Patients who have been cured of insanity or death. We will guarantee a cure in every case if the patient has any constitution left.

Young men who are suffering from the above will be treated by a specialist whose experience and success is equalled by few, if any.

CONSULTATION FREE.
Office hours: 10 a.m. to 6 p.m. and 7 to 8 p.m.

ONAL—DRS. R. A. BAXTER—Dentists. Office on E. Spring st.

HOLLYWOOD
 beautiful foothill suburb of Los Angeles. Cahuenga Pass is higher than the city in the city. This most lovely situated six miles west of Los Angeles, costliest belt. It possesses the finest the world—nothing equal to it close. It will grow successfully the most flower or tender plant in midwinter. Irrigation: in fact we never irrigated hill land. It does not require it. It is healthy location. No malaria. But pure, unadulterated ocean breeze here in the year. Pure, soft water. Here no healthy location can be found anywhere. Fine view of ocean, valleys and mountain. We defy competition of the advantages that go to make HOLLYWOOD FOR A HOME. It is the best. Yes, it cannot be equaled. I think this is saying a great deal. I am willing to risk my reputation on what I say. Located at Hollywood, and intend to make it a permanent home. A number of fine houses are now being built at this point, and being piped. Cement sidewalks are laid. The Cahuenga Valley Railway finished to this place, and six trains a day are now running on this road. See table. This railroad is running in connection with Second-street cable. Half-fares will be sold to persons residing at Hollywood, thus affording splendid connection with the city. The Los Angeles County Jail will soon be completed and running at this place.

HOLLYWOOD
 For the first time offered for sale, at low and easy terms, in quantities to suit purchasers. Special inducements will be made to persons making valuable improvements. A certain number of fine houses are wanted. After that is done, then land is at this point will be held firm for buyers are real worth. There is, from 4 acres in a block, and no very a half acre in a block. Any old citizen of Los Angeles in this location, and then call on me as a broker, or WILCOX & SHAW, 84 N. 1st, or on any good reliable real-estate agent in Los Angeles, all of whom are hereby trusted to act as my agents.
